DEVELOPMENT GROUP

EAGLEVIEW

Chief Michael Wyse, Xum'silum

"What began with forestry operations has now expanded into a diverse portfolio that lays the foundation for stable, balanced, and diversified growth that will ensure long-term economic resilience for our Nation."

Ian Simpson, Yaatqumtun, CEO

"At PDG we're building a sustainable economy that powers Snuneymuxw's priorities. With casino acquisitions and growth across multiple sectors, we're creating meaningful jobs for our people (including accessible, train-on-the-job roles), returning profits to our Nation, and investing for the long term."

Casino Acquisitions Finalized

PDG has finalized the acquisition of **Casino Nanaimo** and **Elements Casino Victoria**, and has entered into definitive agreements for the purchase of **River Rock Casino Resort** and **Chances Maple Ridge**. This milestone strengthens our economic independence, keeps revenues local, and fuels long-term economic strength. Our own **Lahal Casino Management** oversees operations, with opportunities for members to build careers in gaming. Already producing strong cashflow, casino profits support Nation programs including our monthly Sulxween 65+ Elder payments and member distribution.

Saysutshun, our Magnificent Island

Our sacred Saysutshun welcomes visitors arriving by passenger ferry or boat to explore trails, wildlife, sandstone cliffs, and Salish forests. Existing campsites remain in use, with plans underway for new cabins to accommodate overnight visitors. In partnership with **Tourism Nanaimo**, Saysutshun is currently being supported with a cross-platform marketing campaign to boost shoulder-season visits. All Snuneymuxw members receive complimentary ferry rides, moorage and camping sites.

Our Team

Our **PDG team works to realize the economic potential** of Snuneymuxw First Nation, weaving our Snuneymuxw Snuw'uyulth, the teachings passed down from our Ancestors and Elders, with today's economic landscape. We are always **looking for motivated people who are eager to share their gifts and grow with us.**

We started over ten years ago, jump started by our forestry lands, and have grown to 12 companies, 60+ assets, multiple cannabis licenses and development projects.

Sarlequun Transport + Logistics

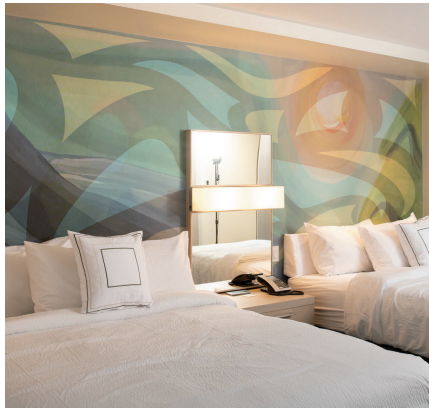

Sarlequun Transport and Sarlequun Logistics, operate under PDG and serve distinct roles in moving goods. Sarlequun Transport trucks freight across Vancouver Island and beyond, focusing on safety, reliability, and sustainability. **Our fleet serves industries such as forestry, construction, mining, and general freight. Sarlequun Logistics manages ocean freight, including planning, storage, and shipping connections,** optimizing efficiency and costs. Together, they combine transport expertise with strategic supply-chain management. This venture continues the Nation's legacy in transport and trade.

Coast Salish Canna

We are nearing completion of a state-of-the-art 13,000sqft micro-grow production facility for our Coast Salish Canna retail. **Featuring four independent 2,100-sqft grow rooms plus drying, packaging, and processing.** Focused on premium craft cannabis, we feature staggered monthly harvests, hand-trimmed curing, and a range of vapes, pre-rolls, and edibles. The project will **create 20 full-time local Snuneymuxw jobs** and strengthen Snuneymuxw's role in B.C.'s cannabis market through provincial distribution. Coast Salish Canna currently has two retail store locations.

Jason Guild, Manager - Operations, Coast Salish Canna

Courtyard by Marriott Nanaimo

Opened in downtown Nanaimo in early 2023, the nine-storey Courtyard by Marriott, partially owned by Snuneymuxw First Nation, blends modern hospitality with a strong Snuneymuxw presence.

Snuneymuxw First Nation became the first Marriott partner to merge the brand's global standards with a distinctly Snuneymuxw perspective that honours our history. Showcasing **Ay Lelum - The Good House of Design** art throughout and located beside the Vancouver Island Conference Centre and our Casino Nanaimo, the hotel also features The Bistro restaurant.

Waterfront retail and dining complex + marina

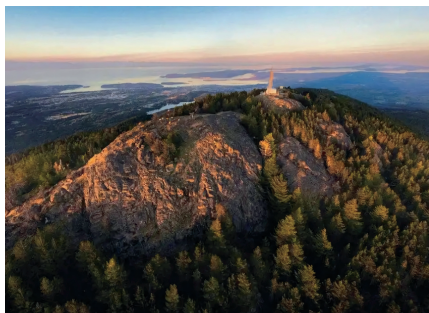

Our waterfront retail and dining development (1890 Zorkin Road) is located at our sacred **stilup Village**, beside the **Departure Bay Ferry Terminal**, overlooking Saysutshun. The former Sealand Market is now a revitalized Snuneymuxw-owned community hub. The first shop to open was our own **Coast Salish Canna**, with more retailers to open in Spring 2026, including **beloved food and beverage outlets**. The buildings are designed in a boatyard style and enhanced with Snuneymuxw hospitality, plants, and art. We have also acquired and developed the nearby marina at 1340 Stewart Avenue.

xwsol'lexwel Village

Restoring our presence and sacred village

Casino Nanaimo is located on a part of xwsol'lexwel, one of our sacred villages. With the acquisition of the casino business and the land, along with the Marriott hotel, our presence has been restored to a place that has always been a part of us.

Did you know?

PDG is Snuneymuxw First Nation's team that focuses on business, development and economic growth. **PDG is 100% owned by the Nation**, and its goals are guided by community priorities.

PDG does not make decisions on its own. Any decisions about Snuneymuxw investments and lands must first be discussed and approved by Chief and Council, and are based on community priorities and feedback from our members.

INDEVELOPMENT

te'tuxwtun

Your vote matters

Our 194.7 acres of land at te'tuxwtun has been added to the Snuneymuxw reserve land base. Over the past 2.5 years, member input has shaped a plan for a portion of this land that highlights the potential for a **strong, revenue-generating mixed-use development on-reserve**. Now, we are excited to move towards a Land Designation Vote, where our members will vote to confirm our community vision.

SFN members will be asked to vote on whether they are in favour of designating a ~25-acre portion of te'tuxwtun land, for **mixed-use development**, including residential, commercial, and light industrial spaces. Voting details will be shared closer to the voting date. More info at www.snuneymuxw.ca/cp

sxwayxum

The acquisition and return of 2.67 hectares of the Sxwayxum Village (1 Terminal Ave.) marks an **important step in addressing our long-standing absence from this sacred village**. As this land is Fee Simple, any redevelopment will require Provincial and City partnership on re-zoning. We'll continue to share community updates as new milestones are reached.

PDG Profits

100% of PDG profits directly benefit Snuneymuxw. Every penny PDG receives as profit is audited and directly benefits our Nation.

As profits increase, like they will from the te'tuxwtun development, we will bring in more money to support Snuneymuxw's key priorities.

Profits currently help fund our monthly Sulxween 65+ Elder payments, annual member distribution, bursaries, sponsorships, and our firewood and community haul-away recycling program.
